DETAILED ACTION

Allowable Subject Matter

Claims 1-7,11-24 are allowed.

1. The following is an examiner's statement of reasons for allowance: The prior art cited does not anticipate individually nor teach in combination the following limitations:

- A backlight module with two translucent faces applicable to a scanner for scanning a transparent document, said backlight module comprising: a shell having a first translucent portion and a second translucent portion; a light source unit disposed in said shell, said light source unit comprising at least a lamp tube and a light guide plate, said light guide plate being used or uniformly guiding light of said lamp tube to penetrate said first and second translucent portions; and a cover body for accommodating said shell, said cover body having guide grooves formed therein and guide pieces for sliding in said guide grooves, said cover body further including a chassis movably and pivotally disposed thereon.
- A backlight module with two translucent faces applicable to a scanner for scanning a transparent document, said backlight module comprising: a shell having a first translucent portion and a second translucent portion on opposing sides thereof; and a light source unit disposed in said shell, said light source unit comprising: a first lamp tube; a first light guide plate used for uniformly guiding light of said first lamp tube to penetrate said first translucent portion; a second
